**WELCOME**

Mayor Harris called the meeting to order at 6:11 p.m. and welcomed those in attendance.

**DISCUSSION OF COUNCIL PRIORITIES**

Mayor Harris explained that it is the responsibility of the City Council to provide direction to help the City perform at a high level. She believes it is time to reassess and commit to focusing on the Council’s most important priorities, and then to hold one another accountable for upholding those priorities. She said that new ideas and projects will always be presenting themselves, but if they as a Council can focus on their priorities, they will be able to accomplish more for the City and its residents. She asked the Councilmembers to look at the current priorities list, which is divided into three tiers, and write down their proposed changes on it. They did that exercise from 6:20 p.m. until 6:32 p.m.

Mayor Harris addressed all the proposed changes, and the Council discussed each one. Several changes were made to both the structure of the tiers and the content of the individual policies.

The Council reorganized and changed some content to create a new draft of the Policy Priorities. Once the entire Council was satisfied with the new order, they discussed the next step in this process. Mayor Harris explained that she would like to meet again and have every Councilmember come ready to discuss their top two or three individual priorities. They set the date and time for the next workshop on Tuesday, May 24 at 11:00 a.m.

The workshop ended at 8:51 p.m.
