# Administrative Committee Staff Report

Subject: Conditional Use Permit for a Detached Accessory Dwelling Unit  
Authors: Nicholas Lopez, Assistant Planner  
Address: 195 West 200 North  
Date: January 30, 2023

## **Background**

The applicants and property owners, Richard & Kara Higginson, submitted a Conditional Use Permit (CUP) Application to build a detached Accessory Dwelling Unit (ADU) on their property located at 195 West 200 North. The Bountiful City Administrative Committee Reviews CUPs for detached ADUs. The Bountiful City Land Use Code defines an ADU as a self-contained dwelling unit within an owner-occupied single-family residence or in a detached accessory structure located on an owner-occupied property.

## **Analysis**

Detached ADUs are subject to the Bountiful City Land Use Code (BCLUC) § 14-14-124 as outlined below:

1. Shall be a conditional use only within the Single-Family Residential Zone, Residential Multiple (RM) Family Zone, and the Downtown (DN) Mixed Use Zone; and shall not be permitted in any other zone.
  - *The property is in the Single-Family Residential (R-4) Zone.*
2. It is unlawful to allow, construct, or reside in an accessory dwelling unit within a duplex or multi-family residential building or property.
  - *The property contains a is a single-family dwelling.*
3. It is unlawful to reside in, or allow to reside in, an accessory dwelling unit that has not received a conditional use permit or without written authorization from the Bountiful City Planning Department.
  - *The proposed structure has not yet been built and requires approval of this CUP as well as subsequent building permit review, etc.*
4. A maximum of one (1) accessory dwelling unit shall be permitted on a qualifying lot.
  - *Only one ADU is being proposed.*
5. It is unlawful to construct, locate, or otherwise situate an accessory dwelling unit on a lot or parcel of land that does not contain a habitable single-family dwelling.
  - *The property contains an existing single-family dwelling.*
6. A deed restriction limiting the use of a property to a single-family dwelling, prepared by the Bountiful City Planning Director, and signed by all owners of the property on which an accessory dwelling unit is located, shall be recorded with the

Davis County Recorder's Office prior to occupancy of the accessory dwelling unit. If a building permit is required, then said deed restriction shall be recorded prior to the issuance of the building permit.

- *The required deed-restriction is to be recorded prior to issuance of a Certificate of Occupancy (CO) or final inspection and only after approval of the CUP by the Administrative Committee.*
7. The property owner must occupy either the principal unit or the accessory dwelling unit as their permanent residence and at no time receive rent for the owner-occupied unit. An application for an accessory dwelling unit shall include proof of owner occupancy as evidenced by voter registration, vehicle registration, driver's license, county assessor records or other similar means required by the Planning Department.
    - *According to Davis County records, found online, the subject site is listed as a primary residency classification.*
  8. Separate utility meters shall not be permitted for the accessory dwelling unit.
    - *Additional utility meters are not being requested.*
  9. It is unlawful to construct an accessory dwelling unit, or to modify a structure to include an accessory dwelling unit, without a building permit, if applicable.
    - *The applicants would need to submit a building permit if this CUP is approved in order to move forward with the proposed construction.*
  10. Adequate off-street parking shall be provided for both the primary residential use and the accessory dwelling unit, and any driveway and parking area shall be in compliance with this Title. In addition to the parking required for the principal unit at the time of construction, one (1) off-street parking space shall be provided for an accessory dwelling unit. Any additional occupant vehicles shall be parked off street in City Code compliant parking areas. On-street parking may be utilized in compliance with the current parking limitations outlined in the Bountiful Traffic Code regarding on-street parking.

  11. Shall be at least three hundred fifty (350) square feet in size and shall not exceed one thousand two hundred fifty (1,250) square feet.
    - *The proposed ADU is 1,212 square feet.*
  12. Shall not be located on a lot with less than eight thousand (8,000) square feet buildable land.
    - *The subject lot is ~15,333 square feet.*

13. Shall be configured so that any exterior doors, stairs, windows, or similar features are located as far away from adjoining properties as is reasonably possible to provide privacy to those properties.
  - *The nearest main structure is approximately ~20 feet away. The lot adjacent to the east does not have any structures, other than the primary dwelling towards the front of the lot.*
14. Shall meet all the setbacks required of an accessory structure.
  - *The proposed structure meets all required setbacks. See accessory structure section of this report.*
15. Shall be located behind the front building line of the principal unit.
  - *The proposed structure is behind the front building line.*
16. The separate entrance of the accessory dwelling unit may be visible from the front or corner lot side yard based on proximity and appropriate mitigation proposed by the applicant and approved by the Administrative Committee.
  - *Based on the proposed location of the detached ADU and its proximity from the front property line Staff does not find that additional mitigation is required.*

Accessory structures, including this detached ADU, are subject to BCLUC section 14-4-105(J)(1) as outlined below:

- a. The total footprint of all accessory structures shall not exceed ten percent (10%) of the entire lot or parcel area, and no lot or parcel shall be reduced in area after the construction of an accessory building, such that it is in violation of this provision.
  - *The total footprint of all accessory structures is 9.85% (1,511 square feet).*

- c. An accessory structure shall be located at least five (5) feet from a primary structure, including eaves, bay windows, chimneys, and any other protrusion on either the accessory building or the primary structure.

  - *The eaves will be no closer than eight (8) feet to a property line.*
- f. An accessory structure shall be designed and constructed so as to prevent roof runoff from impacting an adjacent property.
  - *Distance of building from property lines will mitigate impact as it is twenty-five feet (25 feet) from the west (200 West) and ten feet (10') from south rear property line.*
- g. An accessory structure shall meet all applicable provisions of the International Building Code.
  - *Applicant is responsible for seeking typical building permit application once this CUP is approved.*
