The Easiest Way to Pay Your Bill

Our new online bill pay option saves you time and gives you more flexibility in how you pay your bill.

If you have an Internet connection and an e-mail address, you can now pay your bill online. It's fast, it's easy, and you no longer have to write a check each month or find a stamp when it's time to send in your payment.

How It Works

Bountiful Utilities has partnered with **Xpress Bill Pay**, the premier provider for online bill payment. When you sign up for online bill payment you get a unique password that you use to access your personal account at XpressBillPay.com. Every month we'll send you a reminder e-mail to let you know when your bill is online. Then, just log in through your Web browser and view your bill, which will look like the paper statement you're familiar with. Select a payment type — credit card, debit card, or electronic funds transfer — enter the information, and you're done!

It's that easy, and it only takes you a few minutes each month.

We're offering this service at the request of customers like you. Sign up today and see why so many people consider this the best way to pay their bills.

South Davis Recreation Center

As you drive along 400 North, many of you have seen the great progress being made on the new South Davis Recreation Center. It's very exciting to see the facility being constructed right before our eyes. We also want to report to you what is going on inside the building, which is progressing just as well.

Recently, the cement floor was poured for the new ice arena. It took 21 people from 5:00 a.m. until approximately 3:30 p.m., working together, to make sure the surface was level and that it covered the 17 miles of tubing the refrigeration would go through to freeze the ice.

Hogan Construction is currently focusing their efforts on getting the aquatic

areas of the new Rec Center ready for installation of the pools when they arrive from Italy. We are very excited that an indoor family leisure pool with play features, a water slide, and a lazy river will be included in the aquatic area. There will also be a separate indoor competition/lap pool, allowing two events to take place simultaneously. Both pools are made of Myrtha stainless steel with a special PVC lining, and should arrive in Bountiful by the end of August. In an effort to make our goal of completing the Rec Center by late December, the pool contractor is bringing in a certified crew from New Zealand to help with the installation process. We can't wait to get these pools operational so we can offer aquatics to all ages.

We have had a lot of positive comments about the new recreation center and are excited for the Grand Opening. Some of the comments we hear most often are: "It's huge! When is it going to be open? How much is it going to cost?"

This new Rec Center will be a great place for the entire family to enjoy. Charter memberships are now on sale through August 25th (see the price list included in this newsletter). We are hoping to be open sometime in late December of this year. We will keep everyone updated as time goes on. If you have any questions, please give us a call at 298-6220.
