BOUNTIFUL'S HISTORY—DID YOU KNOW. . .?

With a population of 42,898 citizens (2012), Bountiful is considered by the Utah Municipal Code as a third class city—defined as a city that has a population of between 30,000 and 65,000?

...Bountiful was originally known as "Session's Settlement" and only the second settlement in Utah? Perrigrine Sessions and his family moved to Bountiful on September 27, 1847, and were the only residents in the area until the spring of 1848. They lived in a dugout he constructed with skins for a roof that was located at approximately 250 North 280 West. By the end of 1848, his family had been joined by about 60 others. On February 17, 1855, the name Bountiful was unanimously accepted by those living in the community.

...Holbrook elementary school in Bountiful is named after the first teacher here? The first "school" was constructed of bulrushes and clay on the banks of the Jordan River in the fall of 1848, and Hannah Holbrook taught the children of the settlement there. In November of 1849, the citizens voted to build a school house and John C.L. Smith was hired to teach for a salary of \$30 per month.

...Bountiful's downtown is sometimes referred to as the "Fort Area"? In 1855, citizens voted to build a wall made of mud and straw for protection. The wall was three miles long, eight feet high, and four feet thick at the top. It went

along what is now 400 North, 200 West, 500 South and 400 East.

...the Tabernacle on Main and Center Streets in Bountiful is the oldest, continuously used LDS church building anywhere? It was dedicated by Brigham Young in 1863 after six years of construction.

...Bountiful has had 29 Mayors since its incorporation in 1892? The first Mayor was Joseph L. Holbrook (pictured at the top left in

Mayor's Row in City Hall was a Centennial Project celebrating Bountiful's 100th birthday in 1992. The plaque below the City Seal in the center is a copy of the original handwritten Letter of Incorporation dated December 14, 1892, and the names of the 152 signers of the petition.

Mayor's Row). Elected to the first City Council were Edwin Pace, Thomas Briggs, Stearns Hatch, J.L. Fackrell and Arthur Riley. Joseph T. Mabey was the City Marshall, R.E. Egan the City Recorder and Jed Stringham was Treasurer. Earnest Madsen and J.A. Taylor

each served as mayor two times—once appointed when a mayor resigned, and once elected.

...there were no house numbers used in Bountiful until 1940?

...two of Utah's governors were from Bountiful? Charles R. Mabey, who served as Mayor of Bountiful from 1912-13, was elected governor of Utah in 1920. Calvin Rampton, also a Bountiful native, became Utah's governor 45 years later in 1965.

...electric lights came to Bountiful in 1907 through the efforts of Bountiful citizens. The system was purchased by the City which has continually kept utility rates low.

DO NOT FEED THE DEER!

The Bountiful City Council recently approved an ordinance prohibiting the feeding of deer within Bountiful city limits. The City Council found that there are so many urban deer within the city limits that they pose a threat to the safety of people and property and constitute a public nuisance. The ordinance is authorized by Section 10-8-60 of the Utah Code wherein the declaration of a public nuisance and steps to abate it are outlined. Prohibiting the feeding of deer is a means by which their presence will be discouraged and will provide for public safety, promote the peace, good order, comfort and convenience of the City and its inhabitants for the protection of property.

Property owners are asked to remove any materials (fruit, grain, mineral, salt, vegetable, or other material placed outdoors for consumption by deer) placed on the owner's property for the purpose of feeding deer, elk or moose. Failure to

remove such materials within 24 hours of notice from the City shall constitute a class C misdemeanor. This ordinance does not apply to naturally growing vegetation, or to planted vegetation growing in yards, gardens or beds.

For more information on what Bountiful City is doing to alleviate the problem associated with the high population of deer in the city, visit

www.bountifulutah.gov and click on the deer link under "Headlines" on the home page, or stop by City Hall to pick up a brochure.

BOUNTIFUL FOOD PANTRY—HOPE BEGINS HERE

The Bountiful Community Food Pantry has several ways that you can help others during the holiday season. This pantry serves 1,000+ families each month who live in southern Davis County. Needs at this time include families or groups to participate in the Sub-for-Santa program in December, turkey donations in early November, general food donations, financial donations, schools/businesses/churches to host food drives and individuals to fill selected volunteer openings including helping at the loading dock re-

ceiving food/financial donations and answering phones during the holiday season.

In the last 12 months the pantry has distributed over 2 million pounds of food, provided services 17,000+ times to 50,136 individuals and helped countless individuals find jobs and move out of crisis mode. All of this is done with only two full-time employees, one part-time employee and countless regularly scheduled volunteers. Please call 801.299.8464 or email lornakoci@bountifulfoodpantry.org to get more information or offer your help.

STORM DRAIN AND FLOOD HAZARD INFORMATION

Storm water is rain that flows from rooftops, yards, driveways, etc. It picks up dirt, grass clippings, pesticides, or other materials that are in its path, and these pollutants are carried by the storm water into the storm drains and down into local streams and wetlands - untreated. Remember to help keep pollutants from getting into our streams. Do not place dirt, chemicals or other polluting or hazardous materials in gutters where they can be washed into the storm drain. A fine may be issued to anyone placing dirt, mulch, gravel, etc. in City gutters or streets.

properties that are located in "Special Flood Hazard Areas" which are those areas determined to have a 1% or greater chance of flooding in any given year. The Federal Emergency Management Agency (FEMA) issues maps known as Flood Insurance Rate Maps (FIRM), to help determine the flood risks for real property. The Bountiful City Engineering Department can assist inquirers about flood insurance, flood zones, and flood protection for specific properties. FIRMs can also be viewed on the internet using FEMA's Map Service Center: <http://www.fema.gov/national-flood-insurance-program/map-service-center>.

Those having questions about flood hazards or storm drain pollution should contact the Engineering Department at City Hall, 801.298.6125.

DAVIS COUNTY SERVICES—WIC AND RADON

For nutrition advice, check out the Davis County Women, Infants and Children (W.I.C.) Program. The W.I.C. program is a supplemental nutrition program for women who are pregnant or just had a baby and children under the age of 5. As of July 1, 2014, income guidelines have changed. To see if you qualify for food, nutrition counseling and/or breastfeeding support go to www.daviscountyutah.gov/health or call 801.525.5010.

Radon is the second leading cause of lung cancer after smoking. It is a radioactive gas that comes from uranium in soil, found all over the state of Utah. You should test your home, as radon can get trapped inside and testing is the only way to see if you and your family are at risk. The Davis County Health Department can come to your home and test it for free! If you'd like your home to be tested, or would like more information, call 801.525.5128 or send an email to KPlatero@co.davis.ut.us.

BOUNTIFUL DAVIS ARTS CENTER

Bountiful/Davis Art Center is moving to their new home at 90 North Main Street in Bountiful! The proposed move-in date is early 2015. The new space will provide HUGE benefits to the community and to BDAC. There will be seven classrooms instead of one! The exhibit space will increase by about three-fold, and there will be designated studios for ceramics, figure study and Artist in Residence as well as large spaces for workshops and the monthly Family Art Night. There will be ample room to administrate the Summerfest program and even a small stage for music performances and presentations. This will be the permanent home of Bountiful/Davis Art Center and it will continue to flourish as one of the most vital arts organization in Utah.

Visit <http://www.bdac.org> for information about upcoming events and how you can get involved at the new location!

WINTER IS COMING—SOME REMINDERS FOR OUR RESIDENTS!

It's that time of year when the City's winter parking ordinance goes into effect. In an effort to help our Street Department continue doing such an excellent job clearing the snow from the roadways, we are asking for your cooperation in not parking your vehicles on the street when prohibited as outlined below. Bountiful City Parking Ordinance § 13-1-103 states:

“It is unlawful for any person who owns or has possession, custody, or control of any vehicle to park or allow to be parked any vehicle or trailer on any street between the hours of 2:00 a.m. and 6:00 a.m. during the months of November, December, January, February and March.”

The ordinance also prohibits parking vehicles on the street when it is actually snowing, or within twelve hours thereafter. This prohibition does not include Main Street between 500 South and 400 North. Officers will be putting warnings on vehicles left parked on the street for the first two weeks of November. After that, officers will begin issuing parking citations on all vehicles that are left on the street in violation of this ordinance

SNOW REMOVAL

The Bountiful City Code was recently amended to clarify that property owners are responsible for removing snow on all sidewalks abutting their property; this includes corner lots, and properties that back onto public streets. Shoveling snow and ice from your sidewalks within 24 hours of a storm is important for the safety of residents—particularly to prevent slips and falls. Open sidewalks also keep our citizens from walking in the road during the winter months, which also increases their safety. And remember to not defeat the efforts of our snow plow drivers by shoveling or blowing snow into the street. It is dangerous and illegal!

HOLIDAY GARBAGE PICK UP

If your garbage day falls on or is after **Thanksgiving Day, Christmas Day, or New Years Day**, your garbage day and the remaining week's pick up will be delayed by one day, with Friday's garbage being picked up on Saturday. **FOR ALL OTHER HOLIDAYS, GARBAGE IS PICKED UP ON YOUR NORMAL GARBAGE DAY!**
