### Help Keep Pollution out of Storm Drains

All storm drains from Bountiful City lead to our streams which lead to Bountiful Lake and the wetlands of the Great Salt Lake. Any oil, pet waste, leaves, or dirty water from washing your car that enters a storm drain gets into our streams, lakes, and wetlands. With over forty thousand people living in Bountiful City, we can all help control what gets into our public waters. **Remember, only rain in the drain!** For more information, visit our website.

### Recycling - Q & As

Do you wonder what you can and can't put in your blue recycle can? Can't remember what week or day to put out your can? Check out the answers to these questions and more on our website! Go to Departments>Recycling where you'll find a map and a list of FAQs.
