**WHAT GOES AROUND COMES AROUND—CITY HALL RETURNS TO MAIN STREET**

Ground was broken on February 19 for a new City Hall in Bountiful. City Council members and I swung sledge hammers and operated an excavator to start the demolition of the building that has housed the Bountiful Davis Arts Center (BDAC) for the last 16 years.

In the 1950s when then Mayor Pope and the City Council purchased the property where all of the municipal and county buildings are now located, the decision caused quite a controversy because many people were opposed to moving City Hall out of the downtown area.

But, in spite of the opposition, the now-demolished building was completed in 1962 and housed a new City Hall, library, police department, the courts and all of the municipal functions except for water, streets and power. Bountiful's rapid growth over the next decade necessitated a bigger building and the current City Hall, located at 790 South 100 East, was completed in 1978. So, more than 50 years later, Bountiful's City Hall will once again be built on Main Street.

The new City Hall building should be ready for use in June of 2014. The 32,000 square foot building will have two floors, a basement with more storage, up-to-date technology and pedestrian-friendly spaces. The northern portion of the building will include a two story office section to house City Utility, Administrative, Planning, Engineering and IT Departments. The southern portion will house the Executive offices (Mayor, City Manager and City Attorney), City Council Chambers and Planning Commission Room.

The City Council Chambers will have fixed seating in a stadium (sloped floor) configuration, and the Planning Commission Room will be able to accommodate additional overflow seating for events which exceed the capacity of the Council Chambers. Modern technology for audio-visual and acoustical systems will be used in both areas.

The building will include a high efficiency geothermal heating and cooling system, energy efficient lighting, accommodations for modern technology, and sufficient insulation and attentive construction practices to exceed the minimum energy efficiency building code requirements. Modern design and construction practices will result in a

building better suited to withstand earthquake and high wind loads required in this area. The goal was to design a "timeless" structure that reflects community values - "craftsman" and "prairie school" themes are used in the design, and much of the interior finish work will reflect the craftsman theme in particular. The exterior of the building will be constructed of stone and brick masonry and steel framing will be used for the structure. The new construction will be funded by the City's capital projects budget. With the completion of this new City Hall next year, I am glad the vision of a municipal campus has been realized and will serve the citizens of Bountiful for many years to come.

The Bountiful Historical Preservation Foundation and the BDAC will move into the current City Hall after some renovations next year. The Willey Cabin has been moved to accommodate the new building as well (see related story on page 3).  
-Mayor Joe

**ROTARY COATS FOR KIDS CAR SHOW**

It's show time and the Bountiful Rotary Club is gearing up for their 15<sup>th</sup> annual "Coats for Kids" Car Show extravaganza. It will be held Friday evening, June 14<sup>th</sup>, along Bountiful's Historic Main Street, and Saturday, June 15<sup>th</sup> in the Bountiful City Park at 200 West and 400 North.

The Friday Night Street Party on Main Street begins at 6:00 p.m., with a parade of spectacular show cars at 6:30 p.m., activities for the whole family, food, a climbing wall, music by a live band, the Burt Brothers Tire Burn Out at 7:30 p.m., and much more.

We begin on Saturday at 10:00 a.m. in the Bountiful City Park. Great cars will be on display, and there will be good food, games and activities for the entire family. Join in the Burt Brother's Tire Roll Challenge to win a new set of tires, and enter the drawing to win a Polaris Youth ATV donated by Tri-City Performance. At noon there will be a spe-

cial patriotic program, and show awards will be presented at 3:00 p.m.

Proceeds from this event go to clothing children in new and warm winter coats, boots, and mittens. Over 6,100 children in our community have been served with funds from this event over the past 14 years. The Rotary Club appreciates the incredible support of the community, Bountiful City, and the many generous sponsors who have made this event so successful. Because the food and prizes

are donated, when you register your car, purchase food and drinks, or participate in the drawings, games and contests, your dollars go directly to the children. So come, bring your family for dinner and enjoy a wonderful night together while doing something positive for your community. Remember, it's all about the kids! Visit [bountifulcruisin.com](http://bountifulcruisin.com) for more information.

## SPRINKLERS AND WATER SYSTEM MAINTENANCE

As you work with your sprinkler systems this season, remember to avoid any form of cross-connection between the public drinking water system and the secondary irrigation system – it's the law! A cross-connection can result in contamination of the public drinking water supply. For more information, please call the Water Department at 801.298.6180 or check the Bountiful City web site.

An important part of operating and maintaining a water system is to routinely open and close (exercise) the valves in the system to insure they function properly. As we perform this necessary preventative maintenance, tiny particles of rust and debris may break loose, and may end up in aerators on your kitchen or bathroom tap. This operation may also give your

household water a yellow or orange appearance. We make every effort to minimize the introduction of these particles into your plumbing by flowing fire hydrants in conjunction with this operation. So when you see this happening around the city, be assured that we are not wasting water, but purging the water system of hard water and rust deposits, making sure the water system is free of any other type of contaminant accumulation and taking the steps necessary to ensure good, safe, reliable drinking water for our customers. If you do experience colored water, run the cold water in your bathtub for a few minutes and the water should become clear. If the water continues to be colored, call us at 801.298.6180 and we will do additional flushing.

## HISTORIC WILLEY CABIN MAKES ANOTHER MOVE

In preparation for the construction of our new City Hall on Main Street, the Willey Cabin is making another move... hopefully its last! In April 2005, the cabin was moved from the City Park on 400 North, to the entrance to the Bountiful City Campus on Main Street, which made room for the new South Davis Recreational Center. Now it has been moved to the north side of our current City Hall so it will be adjacent to the Bountiful Historical Preservation Foundation's (BHPF) new museum to be built in the next 2 years. Visit the cabin at its new location along with some beautiful gardens that will give it a feel of the good old days of Bountiful.

The BHPF's annual summer historical tours around the city will take

place on Saturday, July 20, starting at 9:00 a.m. and ending at 2:00 p.m. The busses will load on 100 East in front of the Willey Cabin at its new location. During that same time, BHPF will be hosting an open house at the Bountiful Tabernacle in celebration of the Sesquicentennial (150 years) of its dedication on March 14, 1863. Cemetery Tours will be conducted on Sunday, July 21, at Bountiful Memorial Park, 2224 South 200 West from 5:00 to 7:00 p.m. All events are free, but we do accept donations towards the building of our new museum. Please plan to attend these fine historical events to learn more about the history of Bountiful. For more information, visit: <http://www.bountifulutah.gov/HistoricalCommission/index.html>

**BOUNTIFUL HANDCART DAYS**

The great tradition of Bountiful Handcart Days is just around the corner. The celebration honors those who have sacrificed to make the community what it is, from the original Mormon settlers to others who contribute to our community. The theme for the 2013 celebration, *Community Pulling Together*, will be brought to life through parade entries as well as in traditional park activities and the usual delicious food that everyone loves. The Grand Marshal for this year’s parade will be the well-loved former mayor John Cushing. Mayor Cushing was the mayor of Bountiful City from 1994 to 2002, has served on the City Council, is currently serving on the Power Commission, and is a trustee for Centerpoint Legacy Theater. He is well known to be an asset to the city and has supported a unified community throughout his life of service.

The Bountiful Handcart Days celebration will be on Tuesday and Wednesday, July 23<sup>rd</sup> and 24<sup>th</sup>.

Food, games and entertainment in the Bountiful City Park at 400 North and 200 West will be begin late morning on the 23<sup>rd</sup> and continue all day on the 24<sup>th</sup>. The popular Grand Parade will begin at 6:00 p.m. on July 23<sup>rd</sup> and will feature a float from the St Olaf Catholic Church celebrating their 70<sup>th</sup> year in the community. The traditional fireworks will start later that evening (about 10:00) at Mueller Park

Junior High, 955 East 1800 South.

Park activities include pioneer games and many other fun things for children. Schedule a mini-vacation for your family and join the celebration at the park to enjoy this great community tradition! Find more details at [www.handcartdays.org](http://www.handcartdays.org).
