CITY MANAGER
THOMAS R. HARDY

December 4, 2008

To the Mayor, City Council and Citizens of Bountiful City,

State law requires that all local governments publish, within six months of the close of each fiscal year, a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the City of Bountiful for the fiscal year ended June 30, 2008.

This report consists of management's representations concerning the finances of the City of Bountiful. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Bountiful has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Bountiful's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Bountiful's framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Jensen & Keddington, P.C., a firm of certified public accountants, has audited the City of Bountiful's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Bountiful, for the fiscal year ended June 30, 2008, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the City of Bountiful's financial statements for the fiscal year ended June 30, 2008, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

Profile of the government

The City of Bountiful was incorporated December 14, 1892, under the laws of the Territory of Utah. The City is governed using a manager form of government. The City Manager is the chief administrative and budget officer of the City. The Mayor is part of a six member elected body (five City Council Members) that develops policy and enacts local laws. The Mayor and Council Members are each elected for a four-year term to serve the citizens at large. The terms of office are staggered every two years (three council seats in one year and two council seats and mayor in the next election). The Council is organized into committees over the functional areas/departments of the City, typically comprised of three elected officials each. The City Manager and department directors comprise the Executive Management Team that operates the City day-to-day and recommends priorities to the Mayor and City Council.

The City provides the following services: public safety, public works (engineering, planning, parks and streets), public utilities (electricity, water, sanitation, landfill and storm water), and general government (legislative, executive, legal, administrative services). In addition, the City provides a cemetery and an 18-hole golf course.

The City limits cover an area of approximately 14 square miles. The City's population for 2008 is 43,788 with a potential for approximately 45,000 residents at build-out within four to five years.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered in the specific environment within which the City of Bountiful operates.

Local economy. Bountiful is located in south Davis County and serves as a center for business activity within the south Davis County area. The City is host to a large regional hospital, major retail providers, car dealerships and professional firms.

Long-term financial planning. Bountiful prides itself in conservative financial management and prudent financial planning. The City maintains a pay-as-you-go financing mechanism for the majority of capital facility needs, but also utilizes the debt markets as market conditions become favorable and need arises. The City prepares and regularly updates its ten-year capital improvement plan to ensure that capital needs are identified and funded. Operating budgets are reviewed extensively and balanced annually with conservatively estimated revenues.

Cash management policies and practices. Cash, temporarily idle during the year, was invested in U.S. Treasury and Agency securities in addition to certificates of deposit. Investments are made in compliance with the City's investment policy, which models State law. This policy has been adopted by resolution of the City Council and certified by the Association of Public Treasurers of the United States and Canada, and the policy is updated periodically. Information regarding the types, amounts and risks of investments held is contained in note 2 of the notes to the financial statements. The investment maturities can range from one day to 3 years. The average maturity of the portfolio at the end of the fiscal year was approximately two months. The average yield for the entire year was 4.45%. Yields and amounts include increases in fair value during the current year. However, increases in fair value do not necessarily represent trends that will continue or cash that will be available. It is not always possible to realize such amounts, especially in the case of temporary changes in the fair value of investments that the government intends to hold to maturity.

Risk management. Bountiful is self-insured for general liability and workers' compensation, and internal service funds have been established to assist with administration of these two insurance programs. Resources have been accumulated in these two funds for payment of claims. In addition, safety programs and other measures to reduce loss have been implemented. The City has insurance policies covering errors and omissions, property (buildings and contents), and excess liability.

Pension and other post-employment benefits. The City participates in the State of Utah Retirement Systems for all full-time permanent employees. The City also provides deferred compensation plans under IRS code sections 401(k) and 457. These plans are administered by outside managers and administrators on behalf of the City and its employees. In addition to providing pension benefits through the Systems, the City provides certain health care benefits for retired City employees until the age of 65. All of the City's permanent full-time employees may become eligible for the benefits at the time of retirement if they have 30 years of employment and are at least 55 years old or have 25 years of employment and are at least 60 years old.

Awards and Acknowledgments

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Bountiful for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2007. In order to be awarded a Certificate of Achievement, the government published an easily readable and efficiently organized CAFR, which satisfied both GAAP and applicable legal requirements.

The Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

We appreciate all who contributed in any way toward the preparation of this comprehensive annual financial report. Their assistance has enabled us to bring together all the data necessary to complete the report. The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the departments which comprise Administrative Services. In particular we express appreciation to Ralph Hill, Assistant Finance Director, Mark O. McRae, City Treasurer, and Alan M. West, Information Systems Manager, for their efforts and support during the audit and throughout the year.

Most importantly, we express our sincere thanks and appreciation to Mayor Joe Johnson, members of the City Council and City Manager Tom Hardy for the many hours they spend in helping to run the City organization and to maintain the quality of life enjoyed by citizens of this great community.

Sincerely,

Galen D. Rasmussen, MPA, CPA
Administrative Services Director

Honorable Mayor and
Members of City Council
City of Bountiful
Bountiful, Utah

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bountiful as of and for the year ended June 30, 2008, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Bountiful's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bountiful as of June 30, 2008, and the respective changes in financial position, and the cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund and the Major Special Revenue Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis, as noted on the table of contents, is not a required part of the basic financial statements but is supplementary information required by the accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued a report dated November 12, 2008 on our consideration of the City of Bountiful's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and important for assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the City of Bountiful's basic financial statements. The introductory section, supplementary information, as listed in the table of contents and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements and the individual fund budgetary comparison schedules listed as supplemental information in the table of contents have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

A handwritten signature in cursive script, reading "Jensen & Keddington".

November 12, 2008

**CITY OF BOUNTIFUL
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the year ended June 30, 2008**

As management of the City of Bountiful, we offer to readers of the City of Bountiful's financial statements this narrative overview and analysis of the financial activities of the City of Bountiful for the fiscal year ended June 30, 2008. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

Financial Highlights

- The assets of the City of Bountiful exceeded its liabilities at June 30, 2008 by 197,582,811. Of this amount, unrestricted net assets of \$72,898,746 may be used to meet the government's ongoing obligations to citizens and creditors.
- The total net assets increased by \$4,014,148 from the prior year. Of this amount \$5,485,455 was associated with governmental and \$(1,471,307) with business-type activities.
- As of the close of the current fiscal year, the City of Bountiful's governmental funds reported combined ending fund balance of \$37,163,861, an increase of \$497,461 over the prior year. Of this amount, \$34,240,054 is unreserved and available for spending. The remaining \$2,923,807 has been reserved due to legal restrictions involving parties outside the financial reporting entity.
- At the end of the current fiscal year, unreserved fund balance for the General Fund was \$2,325,945 or 16.18% of total General Fund expenditures.
- The City of Bountiful's bonded debt obligations decreased by the net amount of \$678,000. The decrease was attributable to principal payments on the existing Municipal Building Authority Lease Revenue Bonds in the amount of \$517,000 and Special Assessment Bonds in the amount of \$161,000.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Bountiful's basic financial statements which are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. These statements are designed to provide readers with a broad overview of the City of Bountiful's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

CITY OF BOUNTIFUL
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
For the year ended June 30, 2008

The governmental activities of the City of Bountiful include general government, public safety, highways and streets, planning and engineering, parks, recreation, and redevelopment. The business-type activities of the City include water, light and power, landfill, storm water, golf, sanitation and cemetery.

The government-wide financial statements include not only the City of Bountiful itself (known as the primary government), but also a legally separate Redevelopment Agency and a Municipal Building Authority, which are both component units of the City. Financial information for these component units is reported entirely within the primary government report. A separate set of financial statements is also prepared for the Redevelopment Agency.

Fund financial statements. A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Bountiful can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. These funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between the two.

The City maintains eight individual governmental funds. Information is presented separately in the governmental funds balance sheet and governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Capital Projects Fund, Redevelopment Agency Fund, and Debt Service Fund which are considered major funds. Data from the other four funds are combined into a single aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The City of Bountiful adopts a one-year budget for its General Fund, Capital Projects Fund, Redevelopment Agency Fund, Debt Service Fund and Municipal Building Authority Fund. All but the latter are major funds. A budgetary comparison statement has been provided for each of the aforementioned funds to demonstrate compliance with the fiscal year 2008 budget.

Proprietary funds. The City of Bountiful maintains two different types of proprietary funds, namely enterprise funds and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City maintains eight individual enterprise funds. Information is presented separately in the proprietary funds statement of net assets and the proprietary funds statement of revenues, expenses and changes in fund net assets for the Water Fund, Light and Power Fund and the Landfill Fund, which are considered major funds. Data from the other five funds are combined into a single aggregated presentation. Individual fund data for each of these non-major proprietary funds is provided in the form of combining statements elsewhere in this report. Internal service funds are used to accumulate and allocate costs internally among the City's various functions. The City of Bountiful uses internal service funds to account for its workers compensation and risk management activities.

Because these services benefit both governmental and business-type functions, they have been allocated to both governmental activities and business-type activities in the government-wide financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

Fiduciary funds. These funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

CITY OF BOUNTIFUL
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
For the year ended June 30, 2008

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain other supplementary information. The combining statements referred to earlier, in connection with non-major funds and internal service funds, are presented immediately after the basic financial statements. Also included are budget comparisons for governmental funds other than the General and Redevelopment Agency Funds.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. At June 30, 2008, the City's assets exceeded liabilities by \$197,582,811. By far the largest portion of the City's net assets, \$121,253,573 (61.37%), reflects its investment in capital assets, less any related debt that is still outstanding and which was used to acquire those assets. Capital assets are used to provide services to citizens, and they are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City of Bountiful's Net Assets

	Governmental Activities		Business-type Activities		Total	
	2007	2008	2007	2008	2007	2008
Current and other assets	\$ 46,982,465	\$ 51,676,575	\$ 38,809,972	\$ 37,829,824	\$ 85,792,437	\$ 89,506,399
Capital assets	79,885,295	80,419,074	47,670,598	47,617,826	127,555,893	128,036,900
Total assets	126,867,760	132,095,649	86,480,570	85,447,650	213,348,330	217,543,299
Long-term liabilities outstanding	8,139,845	7,537,098	518,782	575,509	8,658,627	8,112,607
Other liabilities	7,406,165	7,751,347	3,714,875	4,096,535	11,121,040	11,847,882
Total liabilities	15,546,010	15,288,445	4,233,657	4,672,044	19,779,667	19,960,489
Net assets:						
Invested in capital assets, net of related debt	72,416,321	73,635,745	47,670,598	47,617,826	120,086,919	121,253,573
Restricted	3,282,662	3,430,494	-	-	3,282,662	3,430,494
Unrestricted	35,622,767	39,740,966	34,576,315	33,157,780	70,199,082	72,898,746
Total net assets	\$ 111,321,750	\$ 116,807,205	\$ 82,246,913	\$ 80,775,606	\$ 193,568,663	\$ 197,582,811

An additional portion of the net assets, \$3,430,494 (1.73%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets, \$72,898,746 (36.90%), may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year the City is able to report positive balances in all three categories of net assets (for the government as a whole, as well as for its separate governmental and business-type activities).

Net assets - End of Year	\$ 111,321,750	\$ 116,807,205	\$ 82,246,913	\$ 80,775,606	\$ 193,568,663	\$ 197,582,811

Governmental activities. Governmental activities increased the City's net assets by \$5,485,455. When combined with the \$1,471,307 decrease in net assets from business-type activities, overall net assets increased by \$4,014,148 or 2.07%. In explanation of the data on the preceding page, factors contributing to the increase provided by governmental activities are as follows:

- Sales taxes and franchise taxes increased by \$479,691. All other revenues increased by \$288,485.
- Offsetting these two factors, which contributed a total of \$768,176 to the increase in the City's net assets, public safety expenses increased \$317,976 largely due to adding two new officers with related vehicles and equipment, adding a Communications III position in the dispatch center where three dispatchers qualified for the salary increase, creating a separate records division requiring a records supervisor and two part-time clerks, and installing a digital upgrade to the existing Enhanced 911 system.
- Expenses by the City's Redevelopment Agency decreased \$2,803,863 as construction on the large gymnasium at the new South Davis Recreation Center was completed (see Note 17, Commitments and Contingencies).
- Largely due to the above-mentioned factors, total revenues from governmental activities exceeded corresponding expenses by \$3,159,799. Transfers from the City's Light and Power Fund of \$2,325,656 resulted in the total increase to net assets of \$5,485,455.

The graphs presented below reflect only regular operating revenues and expenses from governmental activities and not the effects of special one-time items or transfers.

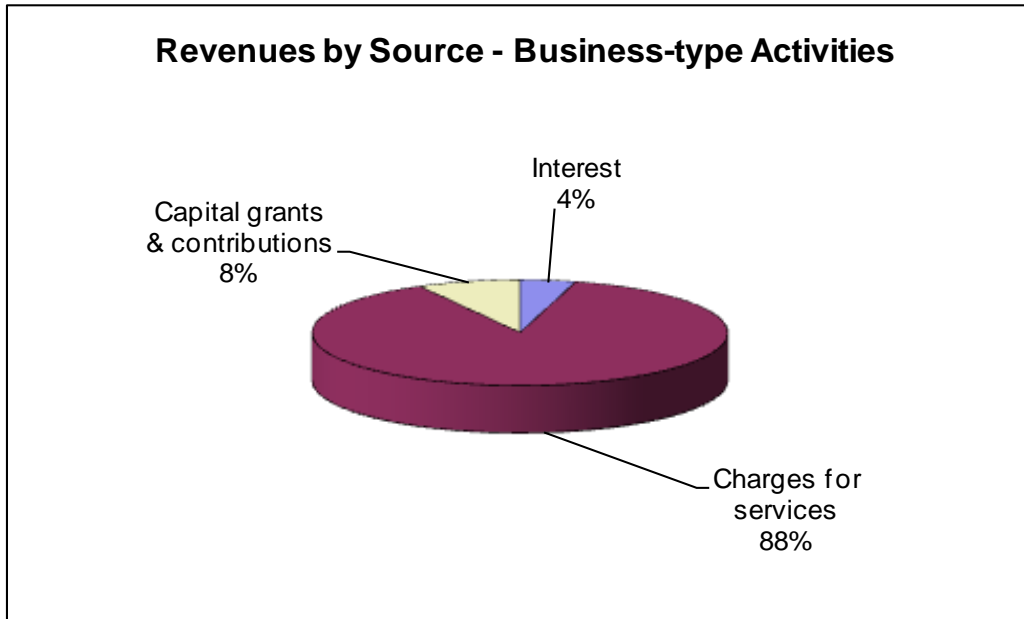

**CITY OF BOUNTIFUL
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
For the year ended June 30, 2008**

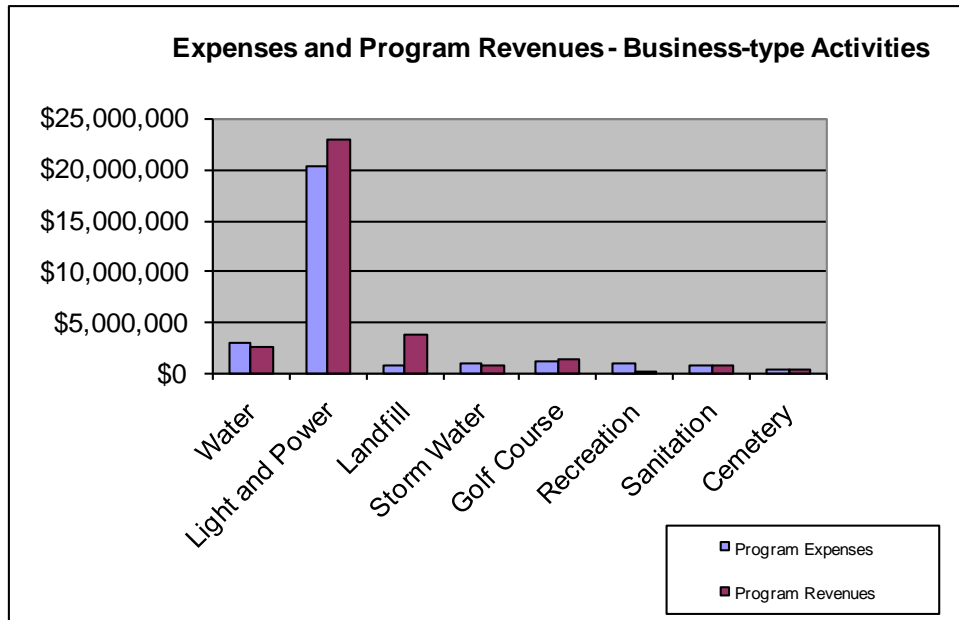

Business-type activities. Business-type activities decreased the City's net assets by \$1,471,307. When combined with the 5,485,455 that governmental activities added to net assets, overall net assets increased by \$4,014,148. In explanation of the data on page 6, factors contributing to the decrease provided by business-type activities are as follows:

- Grant contributions were received by the City's Landfill Fund from the Utah Department of Transportation in the amount of \$2,152,079 in FY2007 to enable the City to relocate the gate, scale house, shop, and compost area at the City landfill to make way for the Legacy Highway. No such contributions were received in FY2008.
- On August 14, 2006, the City demolished its recreation facility and disposed of its recreation program. The cost of this segment disposal was \$682,608.
- In addition to the above two factors explaining \$1,469,471 of the decrease in the City's net assets from business-type activities, the City's Light and Power Fund expenses increased \$2,036,818 largely due to a 12% increase in power costs per kilowatt-hour. Also, expenses incurred by the City's Water Fund increased \$1,102,927, a substantial portion of which was related to the installation of radio-read water meters throughout the system.
- Largely due to the above-mentioned factors, total revenues from business-type activities exceeded corresponding expenses by only \$854,349. Transfers from the City's Light and Power Fund of \$2,325,656 resulted in the total decrease in net assets of \$1,471,307.

The graphs presented below and at the top of the following page reflect only regular operating revenues and expenses from business-type activities and not the effects of special one-time items or transfers.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
For the year ended June 30, 2008**

Financial Analysis of the Government's Funds

As noted earlier, the City of Bountiful uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The purpose of these funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At June 30, 2008, the City's governmental funds reported combined ending fund balance of, an increase of \$497,461 over the prior year. Of this amount, \$34,240,054 (92.13%) is unreserved fund balance, which is available for spending at the government's discretion. Of the unreserved fund balance, \$31,701,019 has been designated by the City Council for subsequent years' capital expenditures and other uses, leaving an unreserved undesignated amount of \$2,539,035. The remaining \$2,923,807 of fund balance is reserved to indicate that it is not available for new spending because it has already been committed to 1) future landfill closure costs (\$766,771), 2) perpetual care of the City's cemetery (\$1,315,454), 3) debt service (\$838,397), and 4) prepaid expenses (\$3,185).

The General Fund is the City's chief operating fund. At the end of the current fiscal year, unreserved fund balance of the General Fund was \$2,325,945. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 16.18% of total General Fund expenditures. The fund balance of the City's General Fund increased by \$60,025 during the current fiscal year. This represents a 2.65% change in fund balance. The increase in the City's General Fund balance consisted of 1) a 7.90% increase in revenues of \$885,681, 2) a 6.57% increase in expenditures of \$885,787, 3) an increase in proceeds from the sale of capital assets of \$2,130, 4) a decrease of \$103,340 in the amount transferred from the Light and Power fund, and 5) the \$161,341 increase in last year's fund balance.

The Capital Projects Fund has a total fund balance of \$28,767,895, all of which is unreserved but designated. This fund accounts for the financial resources to be used for the acquisition or construction of the major capital facilities of the City (other than those financed by proprietary funds and special revenue funds). During the year ended June 30, 2008, the fund balance in the Capital Projects Fund increased by \$3,415,998. This fund balance will be used to finance the projects listed in the City's 10-year capital improvements plan.

CITY OF BOUNTIFUL
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
For the year ended June 30, 2008

The Redevelopment Agency Fund has a total fund balance of \$2,799,116, all of which is unreserved but designated. The net increase in fund balance during the current year in the Redevelopment Agency Fund was \$833,341.

The Debt Service Fund has a total fund balance of \$288,251, all of which is reserved for the payment of debt service. The net increase in fund balance during the current year in the Debt Service Fund was \$5,403.

Proprietary funds. These funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net assets of the Water, Light and Power, and Landfill Funds (all Major Funds) at the end of the year were \$4,306,889 \$14,721,314 and \$8,875,593 , respectively. The increase (decrease) in total net assets was (\$1,421,237), (\$642,530), and \$695,307 for those same funds, respectively, after the effect of any special items. Other factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

During the year there was a \$183,000 increase in appropriations between the original and final amended budget. Following are the components of the increase:

- \$29,000 supplemental appropriation to the information systems department for a Microsoft Exchange server, carpet replacement and telecommunications software.
- \$12,000 supplemental appropriation to the police department to cover extra overtime worked by reserve officers and officers performing alcohol control patrols.
- \$100,000 supplemental appropriation to the police department to cover Enhanced 911 program personnel costs.
- \$42,000 supplemental appropriation to the parks department to cover additional overtime, increased maintenance and utility costs, and the \$19,000 reclassification of a truck originally budgeted and purchased incorrectly through the Capital Projects Fund.

The increase was possible because of additional anticipated revenues from the Enhanced 911 program (\$100,000), increased telecommunications (\$50,000) and electric utility franchise (\$26,000) taxes, and additional funds for the alcohol control program (\$7,000).

Each year the City seeks to adopt budgets for revenues and expenditures that will be conservative estimates of what will ultimately transpire. Due to a variety of factors, revenues and expenditures will vary from budget. In the case of the 2008 fiscal year, the following analysis is offered as explanation of significant variances greater than \$150,000.

General Sales and Use Tax was budgeted at \$2,932,390 for the fiscal year, but the actual revenues were only \$1,638,327. This change is due primarily to a \$1,541,391 transfer at the end of the year from the General Fund to the Capital Projects Fund to meet capital improvement needs as documented in the City's ten-year capital improvement plan.

Asphalt overlay projects for improving the surface of City streets were budgeted at \$530,596, but actual expenditures were only \$357,839 due largely to wet weather lasting well into June, which did not allow us to complete the scheduled road improvements.

Transfers from the Light and Power Fund into the General Fund were budgeted at \$2,194,035, but the actual amounts transferred totaled \$2,325,656. The budget is set every year in the General Fund based on a conservative estimate of electric metered sales. In fiscal year 2008, electric metered sales exceeded the original budget by \$1,196,556, and transfers to the General Fund were increased accordingly.

\$168,452 was budgeted in the Legislative Contingency account, but none of that amount was spent.

CITY OF BOUNTIFUL
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
For the year ended June 30, 2008

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for its governmental and business-type activities at June 30, 2008 amounts to \$128,036,902 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, service lines, vehicles and equipment, furniture and fixtures, streetlights, sidewalks, curb and gutter, roads, and similar infrastructure. The total increase in the City's investment in capital assets for the current fiscal year was \$481,009 (a 0.67% increase equaling \$533,779 for governmental activities and a 0.11% decrease equaling \$52,770 for business-type activities). Major capital asset activity during the current fiscal year has been summarized in the following two tables.

City of Bountiful's Capital Assets (Net of depreciation)

	Governmental Activities		Business-type Activities		Total	
	2007	2008	2007	2008	2007	2008

Total	\$ 533,779	\$ (52,770)	\$ 481,009

Additional information on the City's capital assets can be found in Note 6 of this report.

**CITY OF BOUNTIFUL
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
For the year ended June 30, 2008**

Long-term debt. At the end of the current fiscal year, the City had \$6,666,000 in outstanding bonded debt consisting of lease revenue bonds and special assessment bonds. All of the bonded debt was secured by specific revenue sources.

	City of Bountiful's Outstanding debt					
	Governmental Activities		Business-type Activities		Total	
	2007	2008	2007	2008	2007	2008
Lease revenue bonds	\$ 5,160,000	\$ 4,643,000	\$ -	\$ -	\$ 5,160,000	\$ 4,643,000
Special assessment bonds	2,184,000	2,023,000	-	-	2,184,000	2,023,000
Total	\$ 7,344,000	\$ 6,666,000	\$ -	\$ -	\$ 7,344,000	\$ 6,666,000

The City's total bonded debt decreased by \$678,000 during the current fiscal year, attributable to scheduled repayment of the debt. Additional information on the City's long-term debt can be found in Note 9 of this report.

Economic Factors and Next Year's Budgets and Rates

The City reviews national and regional economic forecasts and also performs its own management analysis as a component in the process of developing the one-year operating and capital budgets of the City. The assumptions in the analysis are reviewed with the City Council as background for decisions about revenue projections and cost allocations. Weekly and monthly reports are transmitted to the City Council and provide both budget and actual information for tracking the financial activities of the City during the year.

Budgets for fiscal year 2009 were developed based upon the following assumptions.

- Economic activity in the region could be affected adversely at some point by general cautionary signals from the economy overall. Specific areas of concern are housing starts, existing home sales, vehicle sales, retail sales in general, and credit market and interest rate uncertainty.
- Development activity is slowing. Bountiful continues its movement toward a build-out of housing stock and "maintenance mode" of existing services for the City. Existing developments (including those with mixed use) such as the Renaissance Towne Centre, the Village on Main Street property and the traditional main street areas of the city will be focus areas of growth for the future.
- Taxable sales, which are shared by the State of Utah with cities, were projected to increase only slightly based on overall activity and the proportionate share of distribution that the City receives based on population.
- The budget includes increases in operating costs for personnel services, energy and general goods and services. Energy costs and health care costs have continued as "watch areas", and are expected to increase at a higher rate than the general level of inflation due to national trends. The City continues to deal with increases in energy and health care costs through aggressive cost containment in all other cost centers.
- Enterprise fund activity reflects rate increases in power (10%), water (40%), and storm water (\$1 increase per customer).
- The South Davis Metro Fire Agency (Agency) provides fire and emergency medical services to the citizens of Bountiful and several surrounding communities. The Agency has full access to, and use of, the former City fire department's assets. However, the City will retain ownership of those assets until the Agency receives its taxing authority status (the date of which is uncertain at this point). Until that time, each municipality participating in the Agency will share proportionately in the Agency's operating and capital expenditures under an interlocal cooperative organization structure.

CITY OF BOUNTIFUL
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO
THE STATEMENT OF NET ASSETS
June 30, 2008

Amounts reported for governmental activities in the statement of net assets are different because:

Total fund balance - governmental funds	\$	37,163,861
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.		80,419,074
Internal service funds are used by management to charge the cost of insurance for workers' compensation and governmental immunity. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets.		\$5,719,415
Accrued interest expense is not due and payable in the current period and therefore is not recorded in the funds.		(42,180)
Long-term liabilities are not due and payable and bond premiums and costs of issuance are not amortized in the current period and therefore are not recorded in the funds.		(7,332,824)
Notes receivable related to the RDA are recorded as such in the statement of net assets.		879,859
		<hr style="border-top: 1px solid black;"/>
Total net assets - governmental activities	\$	<u><u>116,807,205</u></u>

The notes to the financial statements are an integral part of this statement.

CITY OF BOUNTIFUL
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
STATEMENT OF ACTIVITIES
For The Year Ended June 30, 2008

Amounts reported for governmental activities in the statement of activities are different because:	
Net change in fund balances - total governmental funds	\$ 4,467,848
Governmental funds have reported capital outlays, past and present, as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.	(2,167,381)
Governmental funds report current capital outlays as expenditures. However, these expenditures are reported as capital assets in the statement of net assets.	2,845,430
Repayment of bond principal is an expenditure in the funds, but the repayment reduces long-term liabilities in the statement of net assets.	678,000
In the statement of activities, amortization of premiums and costs of issuing of debt is recorded.	(10,380)
In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental	4,067
The effect of the sale and disposal of capital assets.	(144,268)
The long term portion of accrued leave does not require the use of current financial resources and therefore is not recorded as an expenditure in the Governmental Funds.	(78,831)
The net revenue of certain activities of internal service funds is reported within the governmental activities.	57,039
Proceeds from repayment of RDA notes receivable are recorded as revenue in the Governmental Funds. However, the repayment is recorded as a reduction of the loan in the statement of net assets.	(166,069)
	<hr/>
Change in net assets of governmental activities	\$ 5,485,455

CITY OF BOUNTIFUL NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Bountiful (the City) was incorporated under the laws of the Territory of Utah in 1892 and operates under a manager form of government and provides services as authorized by its charter.

The City's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. Although the City has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the City has chosen not to do so. The accounting policies of the City conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The more significant accounting policies established in GAAP and used by the City are discussed below.

The Reporting Entity

As required by GAAP, these financial statements present the City and its component units, entities for which the City is considered to be financially accountable. The City is considered to be financially accountable for an organization if the City appoints a voting majority of that organization's governing body, or there is a potential for that organization to provide specific financial benefits to or impose specific financial burdens on the City. The City is also considered to be financially accountable for an organization if that organization is fiscally dependent on the City.

The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are in substance, part of the government's operations.

Blended Component Units

The Bountiful City Redevelopment Agency (RDA) serves all the citizens of the City and is governed by a board comprised of the members of the City Council. In conformity with accounting principles generally accepted in the United States of America, the financial statements of the RDA have been included in the financial reporting entity as a blended component unit. Separate RDA reports can be obtained at 790 South 100 East, Bountiful, Utah 84010.

The Bountiful City Municipal Building Authority (MBA) was created to design, construct and finance the cost of new buildings. A board comprised of the members of the City Council governs the MBA. In conformity with accounting principles generally accepted in the United States of America, the financial statements of the MBA have been included in the financial reporting entity as a blended component unit.

CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-Wide and Fund Financial Statements

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements. Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The City's general governmental services, public safety, highways and streets, planning and engineering, parks, and redevelopment are classified as governmental activities. The City's water, light and power, landfill, storm water, golf course, sanitation, and cemetery services are classified as business-type activities.

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the City and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on user fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they became available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The financial resources used to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as expenditures. Proceeds of long-term debt are recorded as a liability in the government-wide financial statements, rather than as an other financing source. Amounts paid to reduce long-term debt of the City are reported as a reduction of the related liability, rather than expenditures in the government-wide financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt-service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Sales taxes, franchise taxes, and earned but unreimbursed state and federal grants associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Property taxes are measurable as of the date levied (assessed) and are recognized as revenues when they become available. Available means when due, or past due, and received within the current period or collected soon enough thereafter (generally within 60 days) to be used to pay liabilities of the current period. All other revenues are considered to be measurable and available only when the City receives cash.

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund balance, revenues, and expenditures or expenses as appropriate.

The City reports the following major governmental funds:

The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Capital Projects Fund accounts for the financial resources to be used for the acquisition or construction of the major capital facilities of the government (other than those financed by Proprietary Funds and Special Revenue Funds).

Special revenue funds account for resources legally restricted to expenditures for specified current operating purposes and for the enforcement of special services and activities. Accounting and financial reporting for General and special revenue funds are identical. The City accounts for the Bountiful City Redevelopment Agency as a special revenue fund.

The Debt Service Fund is used to account for resources that will be used to service general long-term debt.

The City reports the following major proprietary funds:

The Water Fund accounts for the activities of the City's water distribution system.

The Light and Power Fund accounts for the activities of the City's electric power distribution system.

The Landfill Fund accounts for the activities of the City's landfill.

Additionally, the City reports the following fund types:

Special revenue funds account for resources legally restricted to expenditures for specified current operating purposes and for the enforcement of special services and activities. Accounting and financial reporting for General and special revenue funds are identical. The City accounts for the Municipal Building Authority and the Landfill Closure Fund in special revenue funds.

CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting city's programs. The City accounts for the Cemetery Perpetual Care Fund in a permanent fund.

Internal service funds are used to account for the central financing of goods or services provided by an internal service fund to various departments of the City on a cost-reimbursement basis. The City currently has two internal service funds. The Workers' Compensation Self-Insurance Fund and the Governmental Immunity Fund account for the City's self-insurance program.

Storm Water and Sanitation Funds account for the provision of these services to the residents of the City. These funds are accounted for as enterprise funds.

Golf Course Fund accounts for the provision of an 18-hole golf course for the residents of the City and surrounding area. This fund is accounted for as an enterprise fund.

Cemetery Fund accounts for the provision of cemetery services. This fund is accounted for as an enterprise fund.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments to the General Fund by various enterprise funds for providing administrative and billing services for such funds. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and of the City's internal service funds are charges to customers to the system. Operating expenses for enterprise funds and the internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, and then unrestricted resources as they are needed.

The City records utility revenues billed to its customers when meters are read on a monthly basis. Unbilled service accounts receivable have been estimated at June 30, 2008, and are recorded as revenue.

Inventories of materials used in the construction and repair of the transmission, distribution, and collection systems are valued at the lower of cost or market on a weighted average basis. Supplies inventories, consisting principally of fuel oil, are valued at the lower of cost or market on a first-in, first-out basis. Transformers used by the Light and Power enterprise fund are valued by specific identification.

CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, curb and gutter, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The government defines capital assets as assets with an initial individual cost of more than \$10,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

Upon retirement or disposition of capital assets, the cost and related accumulated depreciation are removed from the respective accounts. Depreciation of capital assets is computed using the straight-line method over their estimated useful lives as follows:

	<u>Years</u>
Buildings, wells and reservoirs	10-40
Improvements other than buildings	10-33
Transmission, distribution, and collection systems	30-50
Street light and traffic signal systems	30-41
Machinery and equipment	3-29
Furniture and fixtures	3-20
Infrastructure	50

Budgets

Annual budgets are prepared and adopted by ordinance by total for each department, in accordance with State law, by the Mayor and City Council on or before June 22 for the following fiscal year, beginning July 1.

Budgets include activities in several different funds, including the General Fund, special revenue funds, Debt Service Fund, and proprietary funds. Annual budgets are also adopted for capital projects, which may include activities overlapping several fiscal years. The level of the City's budgetary control (that is, the level at which the City's expenditures cannot legally exceed the appropriated amounts) is established at the department level. Each department head is responsible to the Mayor and City Council for operating within the budget for their department. All annual budgets lapse at fiscal year end.

Utah State law prohibits the appropriation of unreserved General Fund balance until it exceeds 5% of the General Fund revenues. Until the unreserved fund balance is greater than the above amount, it cannot be budgeted, but is used to provide working capital until tax revenue is received, to meet emergency expenditures, and to cover unanticipated deficits. When an unreserved fund balance is greater than 18% of the next year's budgeted revenues, the excess must be appropriated within the following two years.

By resolution, the City Council can amend the budget to any extent, provided the amended budget does not exceed the original budgeted expenditures/expenses, in which case a public hearing must be held. With the consent of the City Manager, department heads may reallocate unexpended appropriated balances from one expenditure account to another within that department during the budget year.

CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgets (Continued)

Budgets for the General Fund, special revenue funds, Debt Service Fund, and Capital Projects Fund are prepared on the modified accrual basis of accounting. Annual budgets are not adopted for the Landfill Closure special revenue fund and the Perpetual Care permanent fund. The City does not use encumbrance accounting.

Expenditures in the Capital Projects Fund are budgeted annually on a project-by-project basis. Although it is the intention of the City that each project be funded by a specific revenue source, the adopted budget reflects only total anticipated revenues by source. Since it is neither practicable, nor appropriate to separate revenues and fund balance on a project-by-project basis, the Capital Projects Fund is reported as an individual fund in the accompanying financial statements.

Taxes

On or before June 22 of each year, the City sets the property tax rate for various municipal purposes. If the City intends to increase property tax revenues above the tax rate of the previous year, state law requires the City to provide public notice to property owners and hold public hearings. When these special public hearings are necessary, the adoption of the final budget is made subsequent to June 22. All property taxes levied by the City are assessed and collected by Davis County. Taxes are attached as an enforceable lien as of January 1, are levied as of October 1, and are due November 30; any delinquent taxes are subject to a penalty. Unless the delinquent taxes and penalties are paid before January 15, a lien is attached to the property, and the amount of taxes and penalties bears interest from January 1 until paid. If after five years, delinquent taxes have not been paid, the County sells the property at a tax sale. Tax collections are remitted to the City from the County on a monthly basis.

Sales taxes are collected by the Utah State Tax Commission and remitted to the City monthly.

Franchise taxes are collected by natural gas, electric utilities, and cable television companies and remitted to the City periodically.

Cash and cash equivalents

The City considers all cash and investments with original maturities of three months or less to be cash and cash equivalents. For the purpose of the statement of cash flows, cash and cash equivalents are defined as the cash and cash equivalent accounts and the restricted cash and cash equivalents accounts.

Long-Term Obligations

In the government-wide financial statements and proprietary fund types, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums, discounts, and issuance costs are deferred and amortized over the life of the applicable debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensated absences

Accumulated unpaid vacation is accrued as incurred based on the years of service for each employee. Vacation is accumulated on a bi-weekly basis and is fully vested when earned. Accumulated vacation cannot exceed 240 hours at the end of any calendar year and any vacation in excess of this amount is forfeited. At retirement, death, or termination, all unpaid accrued vacation, up to 240 hours, is paid to the employee or his or her beneficiary. Accumulated sick leave is earned at a rate of eight hours per month. Sick pay amounts are charged to expenditures when incurred. Employees may accumulate sick leave without limitation. Accumulated sick leave paid to employees upon retirement is limited to 20% of accumulated hours or 288 hours, whichever is less. The amount of accumulated leave is accrued when incurred in the government-wide, proprietary fund financial statements. Employees that are terminated for reasons other than retirement are not paid for accumulated sick leave. A liability for these amounts is reported in governmental funds only if they have matured.

Fund equity

In the fund financial statements, governmental funds report reservations of fund balances for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change. Contributed capital represents equity acquired through capital grants and capital contributions from developers, customers or other funds.

Interfund transactions

During the course of normal operations, the City has transactions between funds to subsidize operations in other funds, to construct assets, to distribute grant proceeds, etc. These transactions are generally reflected as operating transfers, which are transfers from a fund authorized to receive certain revenues to the fund through which the resources are to be expended.

Estimates and assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenues, expenditures and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 DEPOSITS AND INVESTMENTS

The City maintains a cash and investment pool that is available for use by all funds. Cash includes amounts in demand deposits including the portion of the Utah State Treasurer's investment pool that is considered as a demand deposit. Investments are stated at fair value. Each fund's portion of this pool is displayed on the combined balance sheet as "cash and cash equivalents" and "investments" which also includes cash accounts that are separately held by several of the City's funds.

Deposits and investments for the City are governed by the Utah Money Management Act (*Utah Code Annotated*, Title 51, Chapter 7, "the Act") and by rules of the Utah Money Management Council ("the Council"). Following are discussions of the City's exposure to various risks related to its cash management activities.

CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 2 DEPOSITS AND INVESTMENTS (Continued)

Custodial credit risk – deposits is the risk that in the event of bank failure, the City’s deposits may not be recovered. The City’s policy for managing custodial credit risk is to adhere to the Money Management Act. The Act requires all deposits of the City to be in a *qualified depository*, defined as any financial institution whose deposits are insured by an agency of the federal government and which has been certified by the Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Money Management Council. As of June 30, 2008, \$52,716,724 of the City’s bank balances of \$52,982,779 was uninsured and uncollateralized.

Custodial credit risk – investments is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments that are in the possession of an outside party. As of June 30, 2008, \$9,151,470 of the City’s \$9,451,470 investments was exposed to custodial credit risk because it was uninsured and uncollateralized.

Credit risk is the risk that the counterparty to an investment will not fulfill its obligations. The City policy for limiting the credit risk of investments is to comply with the Money Management Act. The Act requires investment transactions to be conducted only through qualified depositories, certified dealers, or directly with issuers of the investment securities. Permitted investments include deposits of qualified depositories; repurchase agreements; commercial paper that is classified as “first-tier” by two nationally recognized statistical rating organizations, one of which must be Moody’s Investor Services or Standard & Poor’s; banker acceptances; obligations of the U.S. Treasury and U.S. government-sponsored enterprises; bonds and notes of political subdivisions of the State of Utah; fixed-rate corporate obligations and variable-rate securities rated “A” or higher by two nationally recognized statistical rating organizations as defined in the Act.

The City is authorized to invest in the Utah Public Treasurer’s Investment Fund (PTIF), an external pooled investment fund managed by the Utah State Treasurer and subject to the Act and Council requirements. The PTIF is not registered with the SEC as an investment company, and deposits in the PTIF are not insured or otherwise guaranteed by the State of Utah. The PTIF operates and reports to participants on an amortized cost basis. The income, gains and losses, net of administration fees, of the PTIF are allocated based upon the participants’ average daily balances.

Concentration of credit risk is the risk of loss attributed to the magnitude of a government’s investment in a single issuer. The City’s investments are in the Utah Public Treasurer’s Investment Fund, U.S. Treasuries, and qualified institutions. The City’s investments have no concentration of credit risk.

Interest rate risk is the risk that changes in interest rates of debt investments will adversely affect the fair value of an investment. The City manages its exposure to declines in fair value by investing mainly in the PTIF and by adhering to the Money Management Act. The Act requires that the remaining term to maturity may not exceed the period of availability of the funds to be invested. Maturities of the local government’s investments are noted above.

CITY OF BOUNTIFUL

30,602	3.00%	396	July 2010	22,373	August 2010
74,772	3.00%	869	June 2011	49,111	July 2011
\$ 879,859		\$ 16,095		\$ 483,996	

The City issued special assessment debt to provide funds for the construction of improvements to the area surrounding the Renaissance Towne Center. These bonds will be repaid from amounts levied against the property owners benefited by this construction. The City has established a receivable of \$2,082,650 for the amounts levied.

NOTE 8 DEVELOPER AND CUSTOMER DEPOSITS

General Fund deposits are principally deposits from developers that are held by the City until building projects receive the required City inspections and are in compliance with all City ordinances.

Enterprise fund deposits are customer deposits the City requires from some customers with a poor payment history and from businesses before they receive a utility connection. The deposit is returnable

**CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)**

NOTE 8 DEVELOPER AND CUSTOMER DEPOSITS (Continued)

when the residence is vacated by the renter or when the business has established a history of meeting its obligations to the City. Also included are deposits from developers that are held by the city until building projects potentially impacting the City's storm water system receive and pass required City inspections.

NOTE 9 LONG-TERM DEBT

The following is a summary of long-term debt transactions of the City for the year ended June 30, 2008:

	Long-term debt payable at July 1, 2007	Additions	Reductions	Long-term debt payable at June 30, 2008	Due within One Year
Governmental activities:					
Lease revenue bonds	\$ 5,160,000	\$ -	\$ 517,000	\$ 4,643,000	\$ 530,000
Special assessment bonds	2,184,000	-	161,000	2,023,000	166,000
Compensated absences	717,118	641,338	562,507	795,949	624,342
Deferred amounts:					
Plus unamortized premium	78,727	-	3,578	75,149	-
	<u>\$ 8,139,845</u>	<u>\$ 641,338</u>	<u>\$ 1,244,085</u>	<u>\$ 7,537,098</u>	<u>\$ 1,320,342</u>
Governmental activity long-term liabilities					
	<u>\$ 8,139,845</u>	<u>\$ 641,338</u>	<u>\$ 1,244,085</u>	<u>\$ 7,537,098</u>	<u>\$ 1,320,342</u>
Business-type activities:					
Compensated absences	\$ 518,782	\$ 410,899	\$ 354,172	\$ 575,509	\$ 185,223
	<u>\$ 518,782</u>	<u>\$ 410,899</u>	<u>\$ 354,172</u>	<u>\$ 575,509</u>	<u>\$ 185,223</u>
Business-type activity long-term liabilities					
	<u>\$ 518,782</u>	<u>\$ 410,899</u>	<u>\$ 354,172</u>	<u>\$ 575,509</u>	<u>\$ 185,223</u>

The General Fund and all Enterprise Funds typically liquidate the liability for compensated absences.

Amortization to maturity for each of the bond issues is provided in the following section. The amortization of compensated absences has not been included due to the uncertainty of the amounts and timing of payments.

Municipal Building Authority Lease Revenue Bonds Series 1996

The Municipal Building Authority Lease Revenue Bonds Series 1996 were issued June 1, 1996 by the Municipal Building Authority to construct a Police/Judicial Court Facility next to City Hall. The \$3,685,000 lease revenue bonds are due in semi-annual principal installments of \$113,000 to \$163,000 through March 1, 2015, plus interest at 3.95%, payable semi-annually. The Municipal Building Authority will lease the building to the City, which will in turn sublease portions of the building to the State of Utah. Rental income from the sublease will service the required bond payments. The bonds are subject to an optional redemption in whole or in part after March 1, 2001. In the event the State exercises the redemption option contained in the sublease agreement, the redemption option price will be equivalent to 100% of the principal amount to be redeemed and accrued interest at the date the option is exercised.

CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 9 LONG-TERM DEBT (Continued)

Municipal Building Authority Lease Revenue Bonds Series 1996 (Continued)

The annual debt service requirements to maturity, including principal and interest, for the Series 1996 Lease Revenue Bonds, as of June 30, 2008, are as follows:

Year Ending June 30,	Principal	Interest	Total
2009	\$ 230,000	\$ 73,529	\$ 303,529
2010	243,000	64,306	307,306
2011	258,000	54,569	312,569
2012	272,000	44,240	316,240
2013	288,000	33,338	321,338
2014-2015	627,000	31,383	658,383
Total	\$ 1,918,000	\$ 301,365	\$ 2,219,365

Municipal Building Authority Lease Revenue Bonds Series 2003

The Municipal Building Authority Lease Revenue Bonds Series 2003 were issued June 5, 2003 by the Municipal Building Authority (Authority) to finance the design and construction of a public parking structure. The \$3,790,000 lease revenue bonds, due in annual principal installments of \$300,000 to \$385,000 through June 1, 2016, plus interest at 3.00% to 5.00%, payable semi-annually. The parking structure consists of three stories having approximately 480 parking stalls and will be leased by the Authority to the City under an annually renewable Master Lease Agreement dated May 1, 2003. The City will utilize the parking structure to provide public parking for the Renaissance Towne Centre. The City anticipates making its lease payment from, among other available sources, tax increment generated from the development of the Renaissance Towne Centre pursuant to an agreement between the City and the Redevelopment Agency of Bountiful City dated December 16, 2002.

The annual debt service requirements to maturity, including principal and interest for the Series 2003 Lease Revenue Bonds, as of June 30, 2008, are as follows:

Year Ending June 30,	Principal	Interest	Total
2009	\$ 300,000	\$ 106,463	\$ 406,463
2010	310,000	97,463	407,463
2011	320,000	87,000	407,000
2012	330,000	75,800	405,800
2013	350,000	64,250	414,250
2014-2016	1,115,000	109,000	1,224,000
Total	2,725,000	\$ 539,975	\$ 3,264,975
Plus unamortized premium	75,149		
	\$ 2,800,149		

CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 9 LONG-TERM DEBT (Continued)

Special Assessment Bonds Series 2003

The Special Assessment Bonds Series 2003 were issued June 5, 2003 by the City to finance the construction of various road, water, wastewater, sewer, lighting, and public parking improvements benefiting several properties connected to the development of the Renaissance Towne Centre. The \$2,710,000 special assessment bonds are due in annual principal installments of \$166,000 to \$249,000 through June 1, 2018, plus interest at 3.65% to 5.65%, payable annually. These bonds will be repaid from special assessments levied against the benefited property owners.

The annual debt service requirements to maturity, including principal and interest for the Special Assessment Bonds Series 2003 as of June 30, 2008, are as follows:

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2009	\$ 166,000	\$ 96,648	\$ 262,648
2010	172,000	90,589	262,589
2011	179,000	83,916	262,916
2012	187,000	76,523	263,523
2013	194,000	68,557	262,557
2014-2018	1,125,000	189,968	1,314,968
Total	<u>\$ 2,023,000</u>	<u>\$ 606,200</u>	<u>\$ 2,629,200</u>

NOTE 10 UNEARNED PROPERTY TAXES

In conjunction with the implementation of GASB Statement No. 33, “*Accounting and Financial Reporting for Nonexchange Transactions*” the City has accrued a property tax receivable and an unearned property tax revenue in the General Fund and Redevelopment Agency in the amounts of \$2,021,915 and \$1,116,425 respectively.

Property taxes in the governmental funds are recorded using the modified accrual basis of accounting, wherein revenues are recognized when they are both measurable and available (expected to be received within 60 days). Property taxes attach as an enforceable lien on property as of the first day of January. Taxes are levied on October 1, and then are due and payable at November 30. Since the property tax to be levied on October 1, 2008 is not expected to be received within 60 days after the year ended June 30, 2008, the City is required to record a receivable and unearned revenue of the estimated amount of the total property tax to be levied on October 1, 2008.

CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 11 DESIGNATED FUND EQUITY

Unreserved fund balances, which have designated purposes at June 30, 2008, are as follows:

	General Fund	Redevelopment Agency	RAP Tax Fund	Capital Projects	Total
Computer Replacement	\$ 32,760	\$ -	\$ -	\$ -	\$ 32,760
Recreation	-	-	10,958	-	10,958

Redevelopment projects	-	2,799,117	-	-	2,799,117
Construction Projects	-	-	-	28,767,895	28,767,895
	<u>\$ 123,049</u>	<u>\$ 2,799,117</u>	<u>\$ 10,958</u>	<u>\$ 28,767,895</u>	<u>\$ 31,701,019</u>

NOTE 12 RISK MANAGEMENT

The City has a system of self-insurance and excess insurance for general liability claims. The Governmental Immunity Fund (an internal service fund) has been established to pay liability claims along with certain City Attorney expenses. The City has an all-risk property insurance policy that includes: (1) buildings and content to a policy limit of \$83,180,733 with a \$10,000 deductible, (2) contractors equipment to a policy limit of \$320,000 with a \$10,000 deductible, (3) computer equipment to a policy limit of \$367,507 with a \$10,000 deductible, (4) \$10,000,000 in earthquake coverage with a 2% minimum \$100,000 deductible, (5) \$10,000,000 in flood coverage for facilities that are located outside the standard report zone with a \$100,000 deductible, and (6) boiler and machine coverage to a policy limit of \$25,000,000 with a \$10,000 deductible. The Treasurer is covered under a \$1,500,000 bond with no deductible. The City also has: (1) public employee dishonesty insurance (an employee blanket bond and commercial crime) with a \$250,000 limit per occurrence and a \$2,500 deductible, and (2) municipal excess liability coverage including general liability, auto liability, public officials errors and omissions and law enforcement to a limit of \$5,000,000 with a \$250,000 self-insured retention for auto, general liability, law enforcement, and errors and omissions. The City also has excess workers' compensation insurance with statutory limits and \$300,000 self-insurance retention for general employees and \$400,000 self-insurance retention for law enforcement and Power Department employees. The City is self-insured for property loss above the limits and below the retentions/deductibles. The operating departments of the General Fund or proprietary funds assume the financial responsibility for risk retained by the City for property damage. There has been no significant change in insurance coverage during the year ended June 30, 2008, nor during the past four fiscal years has the amount of settlements exceeded insurance coverage.

A summary of changes in general liability claims for the years ended June 30, 2008 and 2007, are as follows:

	General Liability Claims
Balance June 30, 2006	\$ 15,000
Additions	73,197
Deletions	<u>(63,197)</u>
Balance June 30, 2007	25,000
Additions	116,172
Deletions	<u>(141,172)</u>
Balance June 30, 2008	<u>\$ -</u>

CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 12 RISK MANAGEMENT (Continued)

The City also has a risk management program for workers' compensation. Premiums are paid to the Workers' Compensation Self-Insurance Fund (an internal service fund) and are available to pay these claims along with certain administrative expenses.

A summary of changes in workers' compensation claims for the years ended June 30, 2008 and 2007 are as follows:

	Worker's Compensation Claims
Balance June 30, 2006	\$ 48,841
Additions	150,023
Deletions	(137,754)
Balance June 30, 2007	61,110
Additions	206,720
Deletions	(202,077)
Balance June 30, 2008	\$ 65,753

City management believes that possible claims where the loss cannot be reasonably estimated (claims incurred but not reported) are immaterial to the financial statements of the City.

The general liability and workers' compensation claims are included in accounts payable of the Internal Service Funds.

NOTE 13 RETIREMENT PLAN

Cost Sharing Defined Benefits Pension Plans

Plan description: The City contributes to the Local Governmental Contributory Retirement System and the Local Governmental Noncontributory Retirement System, cost-sharing multiple-employer defined benefit pension plans. These plans are administered by the Utah Retirement Systems (the Systems). The Systems provide retirement benefits, annual cost of living adjustments, death benefits and refunds to plan members and beneficiaries in accordance with retirement statutes established and amended by the State Legislature.

The Systems are established and governed by the respective sections of Chapter 49 of the Utah Code Annotated, 1953, as amended. The Utah State Retirement Office Act in Chapter 49 provides for the administration of the Utah Retirement Systems and Plans under the direction of the Utah State Retirement Board (the Board) whose members are appointed by the Governor. The Systems issue a publicly available financial report that includes financial statements and required supplementary information for the Local Governmental Contributory Retirement System and the Local Governmental Noncontributory Retirement System. A copy of the report may be obtained by writing to the Utah Retirement Systems, 540 East 200 South, Salt Lake City, UT 84102 or by calling 1-800-365-8772.

CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 13 RETIREMENT PLAN (Continued)

Cost Sharing Defined Benefits Pension Plans (Continued)

Funding policy: Plan members in the Local Governmental Contributory Retirement System are required to contribute 6% of their annual covered salary (all of which is paid by the City), and the City is required to contribute 7.61% of their annual covered salary. In the Local Governmental Noncontributory Retirement System, the City is required to contribute 11.62% of members' annual covered salary. The contribution rates are the actuarially determined rates. The contribution requirements of the Systems are authorized by statute and specified by the Board.

The City contributions to the Local Governmental Contributory Retirement System for the years ended June 30, 2008, 2007, and 2006, were \$28,249, \$28,114 and \$24,863 respectively; for the Noncontributory Retirement System, the contributions for the years ended June 30, 2008, 2007, and 2006, were \$842,941, \$826,956 and \$741,005 respectively. The contributions were equal to the required contributions for each year.

Agent Multiple Employer Defined Benefit Pension Plan

Plan description: The City contributes to a Public Safety defined benefit pension plan, for public safety employees, which provides retirement benefits, annual cost of living adjustments, death benefits, and refunds to plan members and beneficiaries in accordance with retirement statutes. Bountiful City is affiliated with the Utah Retirement Systems Public Safety Retirement System, an agent multiple-employer and cost sharing multiple-employer pension plan administered by the Utah Retirement Systems (Systems). The Utah State Retirement Act in Chapter 49 provides for the benefits and administration of the Utah Retirement Systems and Plans under the direction of the Utah State Retirement Board (Board) whose members are appointed by the Governor. The Systems issue a publicly available financial report that includes financial statements and required supplementary information for the Bountiful City Public Safety Retirement System. A copy of the report may be obtained by writing to the Utah Retirement System, 540 E 200 S, Salt Lake City, UT 84102 or by calling 1-800-365-8772.

Funding Policy: The City is required to contribute 22.47% of members' annual covered salary in the Noncontributory Division. The contribution rates are the actuarially determined rates. The contribution requirements of the Systems are authorized by statute and specified by the Board.

Annual pension cost: For 2008, the City's Public Safety annual pension cost of \$416,185 was equal to the City's required and actual contributions. The required contribution was determined as part of the January 1, 2007 actuarial valuation using the entry age normal cost method. The actuarial assumptions include (a) 8% investment rate of return (net of administrative expenses), (b) assumed projected salary increases of 4.50% (3.50% from inflation, 1.00% from membership growth), and (c) 2.5% cost of living adjustment. Both (a) and (b) include an inflation component of 3.50%. The actuarial value of the City's Public Safety assets was determined using techniques that smooth the effects of short-term volatility in the fair value of investments over a 5-year period. Bountiful City Public Safety unfunded actuarial accrued liability is being amortized over an open twenty-year amortization period. Amortization payments are designed to remain level as a percent of payroll.

**CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)**

NOTE 13 RETIREMENT PLAN (Continued)

Agent Multiple Employer Defined Benefit Pension Plan (Continued)

The following illustrates the three-year trend analysis of employer contributions for Bountiful City Public Safety:

Year Ended	Annual Pension Cost (APC)	Percentage APC Contribution	Net Pension Obligation
June 30, 2008	\$ 416,185	100%	-
June 30, 2007	347,441	100%	-
June 30, 2006	326,064	100%	-

The following illustrates the funding progress for Bountiful City Public Safety:

Actuarial Valuation Date	Actuarial Value of Assets	Actuarial Accrued Liability	Unfunded Actuarial Liability	Funding Ratio	Covered Payroll	Unfunded Liability as % of Covered Payroll
December 31, 2007	\$ 16,406,000	\$ 15,556,000	\$ (850,000)	105%	\$ 1,756,000	-48%
January 1, 2007	14,838,000	14,750,000	(88,000)	101%	1,649,000	-5%
January 1, 2006	13,392,000	13,966,000	574,000	96%	1,724,000	33%

NOTE 14 DEFINED CONTRIBUTION AND DEFERRED COMPENSATION PLANS

401(k) defined contribution plans

The City sponsors a defined contribution deferred compensation plan administered by ICMA Retirement Corporation and Western Reserve Life Assurance Company of Ohio under Internal Revenue Code Section 401(k) for City employees covered by the State's contributory and noncontributory retirement plans. The plan, available to all permanent full-time City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The 401(k) deferred compensation monies are not available to the City or its general creditors. The City's contributions for each employee (and interest allocated to the employee's account) are fully vested in the employee's account from the date of employment. The City's total payroll in the fiscal year ended June 30, 2008 was \$10,964,801. Of that amount, \$7,705,211 was eligible to participate in the plan. The City participates at rates between 1.09% and 3.08%, depending on the state retirement rate. The rate of City participation can be changed by the City Council. During the year ended June 30, 2008, contributions totaling \$290,651 were made to the plan by employees and \$255,743 by the City.

The City also sponsors a defined contribution deferred compensation plan administered by the Utah Retirement Systems (the Systems) under Internal Revenue Code Section 401(k). The plan, available to all permanent full-time City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The 401(k) deferred compensation monies are not available to the City or its general creditors. Contributions for each employee (and interest allocated to the employee's account) are fully vested in the employee's account from the date of employment. The City's total payroll in the fiscal year ended June 30, 2008 was \$10,964,801. Of that amount, \$9,292,256 was eligible to participate in this plan. The City participated at a rate of 22.47%. The rate of City participation can be changed by the

CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)

City Council. During the year ended June 30, 2008, contributions totaling \$102,454 were made to this plan by employees and \$0 by the City.

CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 14 DEFINED CONTRIBUTION AND DEFERRED COMPENSATION PLANS (Continued)

457 deferred compensation plans

The City offers its employees two deferred compensation plans created in accordance with Internal Revenue Code Section 457, administered by the Systems and ICMA Retirement Corporation. The plans, available to all permanent full-time City employees, permit them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The 457 deferred compensation monies are not available to the City or its general creditors. In the City's opinion, the plan does not meet the fiduciary requirements and therefore has not been included in an agency fund, in accordance with GASB Statement No. 32, and is currently held in trust by the City's administrators, the Utah Retirement Systems and ICMA Retirement Corporation.

NOTE 15 POST-RETIREMENT HEALTH CARE BENEFITS

In addition to providing pension benefits through the Systems, the City provides certain health care benefits, as permitted under City ordinance No. 90-6, for retired City employees until the age of 65. All of the City's permanent full-time employees may become eligible for the benefits at the time of retirement if they have 30 years of employment and are at least 55 years old or have 25 years of employment and are at least 60 years old. The City pays the cost of the premiums for single coverage on a pay-as-you-go basis. For the year ended June 30, 2008, the City had 15 participants eligible to receive benefits and such costs totaled \$84,716. The cost of retirement health care benefits is recognized as an expenditure as premiums are paid.

NOTE 16 LEASES

In 1989, the City entered into a 30-year capital lease agreement with a local business whereby the City leased land held by the City Cemetery Fund to the business. The City has accounted for the land lease using the installment method. The lease agreement has a zero percent-implied interest rate. Upon completion of the lease terms ownership of the land may transfer to the business under a bargain purchase option. The note receivable related to the land lease had a balance of \$156,010 as of June 30, 2008.

The future maturities of the note receivable related to the land lease are as follows:

2009	\$ 26,000
2010	13,000
2011	13,000
2012	13,000
2013	13,000
2014-2018	65,000
2019	<u>13,010</u>
Total payments to be received	<u>\$ 156,010</u>

In June 1996, the City entered into an operating lease agreement with the State of Utah whereby the State's Judicial Court will lease portions of the City's Public Safety building. The rental income from this lease will service the City's Lease Revenue Bond payments. The lease is renewable each year at the option of the City through March 2015.

**CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)**

NOTE 16 LEASES (Continued)

The future minimum rental payments to be received by the City from this operating lease are as follows:

2009	\$	303,529
2010		307,306
2011		312,569
2012		316,240
2013		321,338
2014-2015		658,383
Total future minimum lease payments		\$ 2,219,365

The City received \$289,960 in rental income from this operating lease for the year ended June 30, 2008. The City's Public Safety building is included in the capital assets section of the financial statements with a cost of \$7,126,977 and associated accumulated depreciation of \$3,741,663. The State's Judicial Court leases approximately 48% of the building.

NOTE 17 COMMITMENTS AND CONTINGENCIES

The City believes that possible contingencies (contingencies incurred but not reported) where the loss cannot be reasonably estimated are immaterial to the financial statements of the City. The City had approximately \$1,075,806 of outstanding construction commitments at June 30, 2008.

The Redevelopment Agency holds a commitment to a developer for 100% of the tax increment generated by certain properties. The City is committed to make the payments through December 31, 2008 or until the City has paid a total of \$200,000 in tax increment to the developer. The Redevelopment Agency has paid a total of \$158,338 of tax increment through June 30, 2008 related to this commitment.

The South Davis Metro Fire Agency (Agency) provides fire and emergency medical services to the citizens of Bountiful and several surrounding communities. The Agency has full access to, and use of, the fire department assets. However, the City will retain ownership of those assets until the Agency receives its taxing authority status. Until that time, each municipality participating in the Agency will share proportionately in the Agency's operating expenses based on each municipality's total property tax assessed valuation. Bountiful's share of expenses for the fiscal year was \$1,332,321. In addition to this amount, the City reimbursed the Agency \$680,607 for costs incurred in the construction of two new stations.

The City, through the Redevelopment Agency, entered into an interlocal government agreement with the Davis County School District to construct a new gymnasium, parking lot and other improvements. The gymnasium will be for the shared use of the School District and the City. In order to fund the construction, the City, through its Capital Projects Fund, has committed \$4,200,000 for initial funding. The Redevelopment Agency has entered into contracts for demolition and architectural services, engineering services, and construction of the recreational facilities. By the terms of the agreement, Davis School District shall be the sole owner of the main gym and each party will retain ownership of that portion of the other improvements which lies on the respective party's property. As of June 30, 2008, the Redevelopment Agency has expended \$4,039,179 related to the project, which is now completed.

CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 18 INTERGOVERNMENTAL REVENUE

Intergovernmental revenue for the year ended June 30, 2008 consists of the following:

Utah Class 'C' Road Allotment	\$	1,408,010	83.08%
Utah Public Safety E-911 Vesta Pallas Grant		121,559	7.17%
City of Woods Cross RDA Tax Increment		74,869	4.42%
Utah Liquor Law Enforcement Grant		36,007	2.12%
UDOT 5-Points Roundabout Project Payments		37,461	2.21%
Davis County Narcotics Strike Force Pass-Through		16,227	0.96%
US Justice Department Bullet Proof Vest Partnership Grant		692	0.04%
	<u>\$</u>	<u>1,694,825</u>	<u>100.00%</u>

NOTE 19 LANDFILL CLOSURE

During the year ended June 30, 1990, the City and several surrounding municipalities entered into a settlement agreement (the Agreement) regarding the City's Bay Area Refuse Disposal (BARD) landfill, accounted for in the landfill closure expendable trust fund. The Agreement provided, among other things, that the City drop its civil action against the municipalities for their breach of contract and for their estimated liability under the Comprehensive Environmental Response, Compensation, and Liability Act (the Act). In return, the municipalities contributed amounts estimated to be sufficient to close the BARD and settle the remaining estimated liabilities under the Act. As of June 30, 2008, \$766,771 is being held in a trust fund until all claims are settled.

In addition to the funds arising from the settlement, the City has established a specific closure and post-closure reserve in the Landfill Operating Fund, an enterprise fund, in accordance with GASB Statement No. 18, "Accounting for Municipal Solid Waste Landfill Closure and Post-closure Care Costs." State and federal laws and regulations require the City to place a final cover on its BARD landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. Although closure and post-closure care costs will be paid only near or after the date the landfill stops accepting waste, the City reports a portion of these closure and post-closure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date.

The estimated liability for these costs is \$1,655,459 as of June 30, 2008. The City has reported and included in accrued liabilities \$895,443 as landfill closure and post-closure care liability at June 30, 2008, which is based on 54% usage (filled) of the landfill. The City will recognize the remaining estimated cost of closure and post-closure care as the remaining estimated capacity of the landfill is used. These amounts are based on what it would cost to perform all closure and post-closure care in 2008. The City estimates it will close the landfill in or after the year 2053. Actual cost at that time may be higher due to inflation, changes in technology, or changes in regulations. The landfill life has increased somewhat due to the fact that we are finding the density of waste deposited there to be higher than what was initially estimated. Inasmuch as the landfill life is based on the "volume" of space available to fill, measured in cubic yards, increasing the weight per cubic yard indicates better compaction and a change in the type of waste that the landfill is accepting. Most municipal landfills do not accept as much construction and demolition waste as does ours, which significantly increases the density and tonnage without a commensurate increase in volume.

The City is required by state and federal laws and regulations to make annual contributions to finance closure and post-closure care. The City is in compliance with these requirements, and, at June 30, 2008, investments of \$2,728,430 (cost and fair value) are held for these purposes. The City expects that future

CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 19 LANDFILL CLOSURE (Continued)

inflation costs will be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate or additional post-closure care requirements are determined (due to changes in technology or applicable laws or regulations, for example), these costs may need to be covered by charges to future landfill users or from future tax revenue.

NOTE 20 TRANSFERS RECONCILIATION

At June 30, 2008, interfund balances due to or from other funds were as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Capital Projects	Redevelopment Agency	\$1,667,789 (A)
Capital Projects	Light and Power	\$2,960,243 (B)

(A) The City, through the Redevelopment Agency, entered into an interlocal government agreement with the Davis County School District to construct a new gymnasium, parking lot and other improvements. The gymnasium will be for the shared used of the School District and the City. By the terms of the agreement, the interest of the City in the gymnasium may be assigned to the South Davis Recreation District. In order to fund the construction, the City, through its Capital Projects Fund, has committed \$4,200,000 for initial funding. The School District has consented to allow the City, through the Redevelopment Agency, to receive 100% of the tax increment from the 1983 RDA project area for the years 2005 to 2015. This tax increment will be used to repay the Capital Projects Fund for all amounts expended on this project plus interest at the rate paid by the Public Treasurer's Investment Fund.

(B) On July 1, 2006, the City, through its Capital Projects Fund, loaned \$3,000,000 to the Light and Power Fund to enable construction on its 138 Substation #2, the Southeast and Southwest Substations, phase VI of the transmission system rebuild project, beginning work on power plant new generation capacity, and AMR saturation of third cycle meters. The loan was to be repaid over a 10-year period at 4.5% simple interest. On April 30, 2008, \$454,139 was added to the loan, restoring the balance to the original \$3,000,000 primarily to finance repairs and upgrades to the San Juan Power Project. The interest rate and payment amount remained unchanged. The maturity date was extended to April 1, 2018.

In addition to the above, transfers were made which will not be repaid. These transfers occurred primarily to finance programs, accounted for in one fund, with resources collected in other funds in accordance with budgetary authorizations. Interfund transfers for the year ended June 30, 2008 are as follows:

	<u>In</u>	<u>Out</u>
General Fund	\$ 2,325,656	\$ -
Enterprise		
Light and Power Fund	-	2,325,656
	<u>\$ 2,325,656</u>	<u>\$ 2,325,656</u>

CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 21 INVESTMENTS IN POWER PROJECTS AND RELATED CONTRACTS

On September 26, 1978, the Light and Power Fund (the Fund) entered into a 50-year contract with the Intermountain Power Agency (IPA) for the purchase of power. Under the terms of the agreement, the Fund is liable for an agreed-upon purchase amount of approximately 1.3% of production regardless of whether it is used or not. On December 1, 1980, the Fund entered into an excess power sales agreement whereby all power purchased from IPA in excess of the Fund's scheduled amount will be sold to a group of California cities, thus relieving the Fund's excess power purchase liability. The Fund purchased power via this contract totaling \$4,242,945 during the fiscal year ended June 30, 2008. For fiscal year 2009, the budgeted amount for this contract is \$4,552,672.

The Fund has a contract with Western Area Power Administration to provide a prorated share of the actual hydropower capacity from the Salt Lake City Area Integrated Projects. This contract was revised October 1989 and will be in force until September 30, 2024 and supplies about 35% of the Fund's power. The Fund purchased power via this contract totaling \$3,083,786 during the fiscal year ended June 30, 2008. For fiscal year 2009, the budgeted amount for this contract is \$3,790,882.

On July 1, 1993, the Fund entered into a power sales agreement with Utah Associated Municipal Power Systems (UAMPS) to purchase a five-megawatt interest in the San Juan Unit No. 4 coal-fired power plant from Public Service of New Mexico for the sum of \$6,061,174. Under the terms of this agreement, the Fund is liable for a take-or-pay amount of 1.004% of the plant's production. The Fund purchased power via this contract totaling \$1,921,940 during the fiscal year ended June 30, 2008. For fiscal year 2009, the budgeted amount for this contract is \$1,881,924.

The Fund through UAMPS purchased a \$3,690,380 interest in the Craig-Mona 345 kV transmission line. UAMPS owns 15% of the total line and the Fund has a 22.3% entitlement of UAMPS' share of the first segment which runs west from Craig, Colorado to the Bonanza Power Plant in northeast Utah. There are no take-or-pay obligations for the purchase of power in this agreement. The Fund is responsible for its share of the operations and maintenance costs associated with the line. The Fund paid \$124,018 for operations and maintenance for the fiscal year ended June 30, 2008. For fiscal year 2009, the budgeted amount for operations and maintenance is \$124,212. The Fund through UAMPS has leased approximately half of its entitlement to PacifiCorp until November 30, 2009. The Fund's share of the lease income is approximately \$300,000 per year.

Beginning on October 1, 2001, the Fund entered into an agreement with Deseret Power Electric Cooperative to purchase 10 megawatts during peak and 6 megawatts during off-peak. This is a take-or-pay contract, which will continue through September 30, 2011. The Fund purchased power from Deseret Power via this contract totaling \$3,545,827 during the year ended June 30, 2008. For fiscal year 2009, the budgeted amount for this contract is \$3,590,178.

On June 16, 1999, the Fund, along with other members of UAMPS, entered into a Master Firm Power Supply Agreement with UAMPS for the purchase of firm power from the Idaho Power Company, which has currently assigned the contract to Sempra Energy. Under the terms of the agreement, the Fund is responsible on a take-or-pay purchase for 10.08% of the total megawatts purchased by UAMPS through December 2007. The Fund purchased power via this contract totaling \$857,007 during the first six months of the fiscal year ended June 30, 2008. This contract was not renewed.

The Fund purchases power from, and sells power to, UAMPS and other members through the UAMPS PX system. The Fund is responsible for its budgeted share of UAMPS' operations and maintenance. The Fund paid UAMPS a net \$498,429 for the fiscal year ended June 30, 2008 for power purchases and sales, and operations and maintenance. For fiscal year 2009, the budgeted amount for this is a net payment of \$1,039,820.

**CITY OF BOUNTIFUL
NOTES TO FINANCIAL STATEMENTS (Continued)**

NOTE 22 REDEVELOPMENT AGENCY OF THE CITY OF BOUNTIFUL

For the year ended June 30, 2008, the following activity occurred in the City's Redevelopment Agency:

Tax increment collected from other taxing agencies for Project Areas:

<u>Project Area 1</u>	
District #3	\$ 603,360
District #5	156,142
<u>Project Area 2</u>	
District #3	77,883
<u>Project Area 3</u>	
District #3	257,149
	<u>\$ 1,094,534</u>
Tax increment paid to other taxing agencies	\$ -
Outstanding loans to finance RDA projects	\$ -
Amounts expended for site improvements and preparation costs	\$ 703,451
Amounts expended for acquisition of property	\$ -
Amounts expended for installation of public utilities and other public improvements	\$ -
Amounts expended for administrative costs	\$ 73,344

NOTE 23 CONDUIT DEBT OBLIGATIONS

From time to time, the City has issued Industrial Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are collateralized by the property financed and are payable solely from payments received on the underlying mortgage loans.

Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of June 30, 2008, there were two series of Industrial Revenue Bonds outstanding, having an outstanding principal balance of \$11,655,000.

NOTE 24 OTHER REQUIRED FUNDS DISCLOSURE

For the year ended June 30, 2008, the RAP Tax fund exceeded appropriations for capital project expenditures by \$98,122.

NOTE 25 PRIOR PERIOD ADJUSTMENT

Through FY2007, the City's Redevelopment Agency received loan proceeds from the City's Capital Projects Fund in the amount of \$3,970,389. The Agency recorded these proceeds as revenue. These proceeds should have been recorded as a liability payable to the City's Capital Projects Fund. This prior period adjustment is required only in the fund financial statements. The need for the adjustment disappears when converting to the full-accrual, entity-wide financial statements.

Accrued liabilities	904	1,160	2,064
Net cash flows from operating activities	\$ (157,505)	\$ (84,415)	\$ (241,920)

STATISTICAL SECTION

STATISTICAL SECTION INTRODUCTION

(unaudited)

This part of the City of Bountiful's Comprehensive Annual Financial Report presents detailed information to aid the reader in understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial picture.

Contents

Financial Trend Data (tables 1-4)

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity Data (tables 5-10)

These schedules contain information to help the reader assess the City's most significant local revenue sources.

Debt Capacity Data (tables 11-15)

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and its ability to issue additional debt in the future.

Demographic and Economic Information (tables 16-17)

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information (tables 18-20)

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB 34 in 2003; schedules presenting government-wide information include information beginning in that year.

(1) All taxable property is assessed and taxed on the basis of its fair market value. Utah law requires that the fair market value of property that is assessed by County Assessor, using a comparable sales or a cost appraisal method, exclude expenses related to property sales transactions. For tax purposes, the fair market value of primary residential property is reduced by 45% under present law. Taxable value is net of Redevelopment Agency value.

(1) All taxable property is assessed and taxed on the basis of its fair market value. Utah law requires that the fair market value of property that is assessed by County Assessor, using a comparable sales or a cost appraisal method, exclude expenses related to property sales transactions. For tax purposes, the fair market value of primary residential property is reduced by 45% under present law. Taxable value is net of Redevelopment Agency value.
